

The Filth "Dear Fuck"

Visit "[Dear Fuck](#)" on MotoLyrics.com

Your shit is fucked
I don't like you
Or the things you do
I've always wanted to smash you
And your predecessor too
You give us a reason to exist
Never forget we are the pissed
We are the pissed

Not much to fight against now
Keep on pushing us down
Your "new world order" is just crap
Capitalist fuck in the corporation's lap

No one will bow down to your "order"
And when you push too far
The small will rise
Come together and put you back in your place
We attack from within
Then finish what we started in '78
We are the unintelligible force
Because you can't understand us
No matter how many times we spit on you.
We are the pissed.
