Walk through the filth
You will find me there
Needle hangin' from my vein
Look in your eyes
I can see disgust
You can't realize
I love what I have become
Power surging through my body
Opens my eyes to what you are
I own you
I own your emotions
I can make you love
I can make you hate
Society's dog
Walking the concrete shit
Called the street
Wonder why I laugh?
I wonder why you don't
Smile on my face to make you happy
Rejected
My happiness turns to hate
You better watch out motherfucker
Negative thoughts are observed by my eyes
I can only take so much shit
Before my boot fucks your face
HATE
Drug that I use with mindless devotion
To your empty intelligence
You are within me
We are one
