We're all God's children  
And God is a woman  
But we still don't know  
Who the father is

I can't help thinking  
There's a fortune riding  
On the answer to that question

We stop for a moment  
And forget the enemy  
There's a something  
You're not telling us

(Got to make you less lonely  
Time to make you less lonely)

We're globalizing  
But we don't like competition  
And we still don't know  
Who the father is

But you're so damn pretty  
And don't you know it  
There's a kiss and then  
We all make up

(Got to make you less lonely  
Got to make you less lonely)

All sides  
Die happy  
This is the last chance  
You've got to do it now

People are waiting  
For him to come around  
All his attention  
We've got to stick around

(You might be less lonely  
Got to make you less lonely)

Some people now  
Help me  
Don't make me less lonely  
Don't you drive me out)
