Talking with my brother  
When the lights went out  
Down the hallway  
Forty years ago

And what became much harder  
Was so easy then  
Opening up and letting go

Disembodied voices  
Floating in the air  
This place in the darkness  
Could be anywhere

Talking to each other  
As we wait for sleep  
The angel in the detail  
Soon arrives

Spreading her wings over  
Every memory  
And keeping all our hopes alive

Disembodied voices  
Floating in the air  
This place in the darkness  
Could be anywhere

We all made our choices  
Let's work out what we're going to do  
Disembodied voices  
Revealing what we know is true

And so much is here  
If we all disappear

We could be anywhere  
We could be anywhere  
We could be anywhere

We could be  
We could be anywhere

We could be anywhere

We could

We could be anywhere
