You call me up and I'll say a few words  
But I'll try not to speak too long  
Please to be kind and I'll try to explain  
I'll probably get it all wrong  
What does it mean when you promise someone  
That no matter how hard or whatever may come

It means that I won't give in, won't give in, won't give in  
'Cause everyone I love is here  
Play it once, and disappear. (not - Take me home. Take  
me home)

Once in a while I return to the fold  
With people I call my own  
Even if time is just a flicker of light  
And we all have to die alone  
What does it mean when you belong to someone  
When you're born with a name, when you carry it on

It means that I won't give in, won't give in, won't give in  
'Cause everyone I love is here  
All at once, and I'll show you how to get here  
Come on now, come on now, can you feel it, I can see it  
in ya  
Come on now, come on now, reveal it, turn around  
won't ya  
The right time, the right place, right now, turn around

A chance is made, a chance is lost,  
I carry myself to the edge of the earth

It means that I won't give in, won't give in, won't give in  
'Cause everyone I love is here  
Say it once, just say it, and disappear
