

## **The Fire Restart "A Secret Worth Keeping"**

Visit "[A Secret Worth Keeping](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Fly high young angel  
Your wings wont get you anywhere  
They're coming undone tonight  
They're coming undone tonight

I've thrown the moon into the sun  
I'm coughing blood, but still I run  
You own the prints that made me bleed  
From your one-room pyre-side quarantine

This is the way  
I'll tell the world all about you  
I HOLD THE NOOSE, YOU TIED THE KNOT  
I found a message in the static  
A secret that's worth keeping  
Something that you...  
SOMETHING THAT YOU COULD NEVER DO

Hold your breath  
And be scared for the first time  
I'll be leaving you tonight  
The sun will set  
Again and again  
Underneath these starless skies

The vapors fill your lungs  
As I'm stuck grounded by metaphor  
This quiver reins the literal ones  
Let's see how well you breathe six feet under

We were never good at making amends  
We just made mistakes  
WE MADE MISTAKES SO WELL  
And I got a feeling  
LIKE A SCYTHER LODGED IN MY HEAD  
The words that still haunt me  
BROUGHT ME BACK FROM THE DEAD

Hold your breath  
And be scared for the first time  
I'll be leaving you tonight  
The sun will set

Again and again  
Underneath these starless skies

IT TOOK ME SO LONG  
TO FIND THE PULSE THAT STILL  
BEATS WITHOUT YOU

So leave the words unsaid  
As you fly high  
SO LEAVE THE WORDS UNSAID

I've fought so hard  
(I'm not looking back)  
Just to sever the line  
(I'm never turning back)  
And as you fly I realize  
(I don't want you back)  
I've shown the world I can reach the sun  
But you're still bounded by the ground

Hold your breath  
And be scared for the first time  
I'LL BE LEAVING YOU TONIGHT  
The sun will set  
(You are the days)  
Again and again  
(I wish I petrified my eyes)  
Underneath these starless skies
