Chained to an anchor it's pulling me under this is so
deep it's getting darker breath in deep I can't reach
the surface I know this is where I'll die if I can't reach
the surface can I see you again in your dreams you
said or when one of us is dead hold you in my arms
again I don't care if you're there I don't care if
you're there kiss kiss I hope you still dream of me like
I dream of you I'll be with you again asleep and safe
from your goodbyes away from your eyes I swear if you
let me kiss you one last time I'll be alright I'll be
alright I'll be alright I'll be alright I can't keep this
together I can't stay here forever I'll see you in my
dreams
