Some kind of a scene skin so soft so smooth and you  
so beautiful you so beautiful your smile and your  
laughter you move with me and you move me you  
move me you move me under the blankets in your  
bedroom I'll keep you warm my hand on your  
shoulders your hair in my mouth so let's just kiss and  
say merry Christmas let's go for a drive and check  
out the lights let's go for a drive into this night let's  
cut down a tree let's take all the trees and put 'em in  
your house hey I thought you were sleeping hey I  
thought you were bleeding hey I thought you were  
needing me hey I thought you were bleeding hey I  
thought we could be you and me hey I thought we  
could be my hand on your head and a hand in my  
pocket and you a lit cigarette and a bottle of wine red  
wine for Christmas time don't you love this life don't  
you love this life I'll do what I can I'll sing you to  
sleep and if you wake up I'll kiss you back to sleep  
and every morning I'll love you more than the night  
before something about Christmas makes me love you  
more merry Christmas for all the christmas' we  
missed I know this Christmas will be the first Christmas  
we kiss I thought you were sleeping hey I I thought you  
were bleeding hey I thought you were needing me hey I  
thought you were bleeding hey I thought we'd be  
leaving together hey I thought you could help me get  
through this merry Christmas baby every Christmas  
I'll make you happy so merry Christmas for all the  
christmas's we missed this Christmas will be the first  
Christmas we kiss under the blankets in your bedroom  
my lips on your neck and you so right
