Time, that's what I said.
Seems like you're losing out,
You better commit.

Take it all, the rest is a blur.
Must be some other way
To have your fun.

'Cause you felt deep inside
You were way out of line, yeah.

Pick it up when you've had enough.
Say that it's hear in the end,
Or maybe ???

Understand we all have a place
If you think that it's some kind of game
Well show some grace.

'Cause you felt in your heart
It was wrong from the start.

'Cause you felt deep inside
You were way out of line,
And you felt in your heart
It was wrong from the start
