Directed distraction intended receiver lost
concentration I wish you could see her hey this is living
hey this is just what you wanted hey this is living hey
this is what I can give you you're not so far away a
half second apart you're not so far away a half
second relay hey this is living hey this is just what you
wanted hey this is living hey this is what I can give you
satellite delay you're not so far away a half second
apart you're not so far away a half second relay a
perfect attraction intended receiver a perfect
distraction I really wish you could see her satellite
delay hey this is living hey this is the furthest place
from here hey this is living hey this is just what you
wanted to hear satellite delay...
