Let's kill all the cops and throw 'em in bags
Set it on fire on a pile of rags
Time for a little anarchy on the streets
Doesn't really matter if we all get beat
'Cause the world is really going to hell in a handbasket
They won't be happy 'til we are all laying in caskets
Time to start a riot and murder your boss
Fuck shit up even if the cause is lost

So let's kill all the cops, kill all the cops, kill all the cops
today

Let's kill all the cops it has a certain ring
They are not really real human beings
They got a job a uniform and a gun
Of course they are stupid and devoid of fun
So it's time to party and go for it
Celebrate all we can as it all turns to shit
Give them the middle finger and tell them they smell
Laugh in their face and tell them to go to hell
So let's kill all the cops, kill all the cops, kill all the cops
today

So let's kill all the cops if not now then when?
'Cause we can go to church and confess our sins
Then tell the Pope to shove it up his ass
Just like the priests who do it to the boys in class
And those stupid nuns just stare in quiet
Burn all the churches and let them watch us riot
Time to turn it all upside down
From coast to coast and in our home town

So let's kill all the cops, kill all the cops, kill all the cops
today
