"Lost Planes"

When you're hanging from a parachute
The whistling wind might play your flute
So forget it
Lost traffic
Someone said you couldn't fly the plane
So I guess this journey's all in vain
So forget it
Lost traffic
We're on a lost plane
Should've taken the train
We're on a lost plane
So forget it
Flying high but your fuel is low
How far can a missing plane go
So forget it
Lost traffic
Tell you that you're flying radar
But it's that much safer to take that car
We're on a lost plane
I should've taken the train
We're on a lost plane
So forget it
We're on a lost plane
I should've taken the train
We're on a lost plane
So forget it
We're on a lost plane
I should've taken the train
We're on a lost plane
I should've taken the train
We're on a lost plane
I should've taken the train
We're on a lost plane
So forget it
So when you're hanging from a parachute
The whistling wind might play your flute
So forget it
Lost traffic
Tell you that you're flying radar
But it's that much safer to take that car
We're on a lost plane

I should've taken the train
We're on a lost plane
So forget it
We're on a lost plane
I should've taken the train
We're on a lost plane
So forget it
We're on a lost plane
I should've taken the train
We're on a lost plane
