Red skies at night
Wo oh oh oh oh
Red skies at night
Wo oh oh oh oh

Should have taken warning it's just
People mourning
Running, hiding, lost
You can't find, find a place to go

Red skies at night
Wo oh

Should have taken warning it's just
People mourning
Running, hiding, lost
You can't find, find a place to go

Red skies at night
Wo oh
Red skies at night
Wo oh oh

Someone's taking over
And it look like they're aiming
Right at you
Someone said we'll be dead by morning
Someone cries leaving

Red skies at night
Wo oh oh
