I see you from behind
You know what's on my mind
And I won't hesitate
I don't make mistakes

But everybody's got their mouth wide open
They just don't know why
It's the same old thing it happens every day
And now it's do or die
Do or die

White Girls
Don't bother me
Every other night
I'd kill for it
White Girls
Don't bother me
Every other night
I'd kill for it

In and out it goes
You pay for miracles
But give me time to breathe
Kiss me where it's deep

But everybody's got their mouth wide open
They just don't know why
It's the same old thing it happens every day
And now it's do or die
Do or die

White Girls
Don't bother me
Every other night
I'd kill for it
White Girls
Don't bother me
Every single night
I'd kill for it

White Girls
Don't bother me

Every other night
I'd kill for it
White Girls
Don't bother me
Every single night
I'd kill for it
