Eye to eye  
Face to face  
Soul to soul  
Blow by blow  
Piece by piece  
You get the picture  
Beat by beat  
Starting to make sense  
Step by step  
We're getting closer  
Inch by inch  
Slowing sinkng in  
And you ache and you bleed  
Can't talk you can't sleep  
Know who you are  
Don't conform anymore  
Burn the bridge  
Stall the machine  
Cut those ties  
Come kiss that guillotine  
Blow your mind  
Break the routine  
Leave everything behind  
Come taste the gasoline  
Row by row  
Side by side  
Round by round  
A field of killing  
Six feet down  
Without hands  
Burn the bridge  
Stall the machine  
Cut those ties  
Come kiss that guillotine  
Blow your mind  
Break the routine  
Leave everything behind  
Come taste the gasoline  
You believed in the beat  
Can't talk you can't sleep  
Know who you are  
Don't conform any more

Break the routine  
Leave everything behind  
Come taste the gasoline  
Burn the bridge  
Stall the machine  
Cut those ties  
Come kiss that guillotine  
Blow your mind  
Break the routine  
Leave everything behind  
Come taste the gasoline  
Burn the bridge  
Stall the machine  
Cut those ties  
Come kiss that guillotine  
Blow your mind
