Forget what you've been told
Conceal the truth you know
The phoenix fights desire
And you know just what I mean

In my cells you're in my soul
What you can't touch you'll never hold

You ask
Beg
You plead

(Get out of my head)
Get out of my
Get out of my
Get out of my head

(Get out of my head)
Get out of my
Get out of my
Get out of my head

Get out of my head
Get out of my head
Get out of my head

Just a little too late
Been so long gotta do a double take
I don't remember your face
It's all in the words and the way we relate

Don't be long don't be late
Mind and motion makes me wait
Twisting til' I transmutate
Reinstate deactivate

Colossal information
Short circuit detonation

(Get out of my head)
Get out of my
Get out of my

Get out of my head

(Get out of my head)

Get out of my

Get out of my

Get out of my head

(Get out of my head)

Get out of my

Get out of my

Get out of my head

(Get out of my head)

Get out of my

Get out of my

Get out of my head

(Get out of my head)

Sink deep trip scriptures on the blink

Divide conquer whatcha win is whatcha bring on

Emotions light red comet glare at night

Free fall against yourself you fight

Get out of my head

Get out of my head

(Get out of my head)

Don't let it go

Don't let it go

Don't let it go

(Get out of my head)

Don't let it go

Don't let it go

Don't let it go

(Get out of my head)

Don't let it go

Don't let it go

Don't let it go

(Get out of my head)

Don't let it go

Don't let it go

Don't let it go

(Get out of my head)

Don't let it go

Don't let it go

Don't let it go

(Get out of my head)
Don't let it go
Don't let it go
Don't let it go
(Get out of my head)
