3-2-1 liftoff jetpack shoot into space
Represent the dot til' were blue in the face
Fre-fre-fresher than toothpaste
You know how we do in the place
The crowd accumulates when he's tuning the bass
The fiddle and guitar are removed from the case
You know it's Kenny O when it booms and shakes
You know it's our music by the movement it makes

The crowd that it draws
The yearning you get
To prove what it takes

Move
Throw your body on the dance floor
Whether you're beginner or advanced or
Whatever you're doing it's okay like this
So everyone do it your own way like this
Move
Like the dude from chappelle's show
Let it rip like velcro
We spit non-typical flows like this
Mile hi gh city and it goes like this
Like this
Like this
3, 2, 1, 4, 5, 6,
No telling where the beat might hit

This is out of hand like buster bluth
Leave you sounding like rusted root
Bots out your mouth like a busted tooth
Attention we paying who
Exempt artax like atreyu dude
Staying smooth venue we playing move
When you hear the rabbit saying to
Let five explain it to you

Turn to the next page when I say and

Follow along like A to the B to the C
The 7 piece band you gotta see to believe
Make ya jump around like you needed to pee

Make noise if you wanted me to proceed
Scream like chewbacca off ya rocka
Drink a little vodka link iraq osama democracy
Barack obama arabic for withdraw from vietnam
And it don't stop
Don't quit
So slick

Move
Throw your body on the dance floor
Whether you're beginner or advanced or
Whatever you're doing it's okay like this
So everyone do it your own way like this
Move
Sweat
Get your pants warm
Kee kor keerr kahh
Transform
Wiggle and shake to this song like this
Mile high city and it's on like this
1 2 3 4 5 6
Who's ready for some more hype shit

This is rap's last stop like castle rock
The bots blast off like an astronaut
I suppose we came to get started
Throw them bows like some angry archers
Our delivery's pedigree headed for the charts soon
Hit you in the heart like a harpoon
Like the chambers of the wu tang clan
Flobots got that method man

Wanna hang with the orangutans?
Mass appeal massive bananas in hand
Kenny o got the master plan
To move your body like an ampersand
This rhythm section'll rattle the stands
Rip sheets like we battled the clan
Average bands traffic the median
We stay in the lane we're superman

Move
Throw your body on the dance floor
Whether you're beginner or advanced or
Whatever you're doing it's okay like this
So everyone do it your own way like this
Move
Give it to you unprotected
Cause the rhythm is the method
Are you ready to get loud
Mile high city spell it out

F-l-o-b-o-t-s
