Mother, what's it all about

Tell me, what's that scream and shout

Do they fight what they don't understand

They've got nothing to fear from a peaceful man

Time running out, wolves getting closer

Judas kissing the world is a loser

Curtains are down for the Nazarean

He'll carry the cross and the world will go free

Brother can you feel the fright

There's a pack of wolves on the streets tonight

The sting of a chilly wind on your face

Watching the dogs crawling in disgrace

Time running out, wolves getting closer...

I heard a voice saying "no, no, no

never heard that name, I really got to go"

I saw the signs and I heard the call

And I bang my head against oblivion wall.

The sting of a chilly wind upon your face

And the dogs are crawling in disgrace

Time running out, wolves getting closer...
