I could run around
Really do the town
Feelin' that I have
Nothin' to lose

But I still love you dear
So I'm stayin' here
Here by the phone
Tired of the lonesome lover blues

[CHORUS]
If I deny it
Because of your pride
Then I'll come to you when I need
Beggin' for mercy and asking you darling
Oh please

[VERSE 1]
Don't keep us apart
You must have a heart
Cold as a stone
Leaving me lonesome lover blue

[Repeat CHORUS]

[Repeat VERSE 1]
