verse:

Welcome to Britain, home of the chavs  
Home of the Nike-clad kids smoking fags  
Home of the binge drinking weekends  
and going to the pub getting drunk with your friends

They call it Britain now, 'cause it ain't so great  
Where the people non-stop pile shit on your plate  
Where walking through your town You can't even crack  
a smile  
'cause nobody wants you happy, even once in a while

Welcome to Britain where the sun never shines  
Home of the Queen and the Greenwich Mean Time  
only in Britain can you order a pizza  
and it gets to you quicker than the ambulance meets ya

Slogging through our days with the chavs and the  
slags  
and these chavs and slags carry Primark bags  
'cause that's the state of things over here it's shit  
Primark to them prats is bloody upmarket

chorus (X2):

We don't care what you say  
Rule Britannia, Britannia rules the waves  
Welcome to United K  
Keeping it real, MDMA

Welcome to Britain where it's 20 for an eighth  
and we all drink beer even though we hate the taste  
it's fish and fucking chips at every given opportunity  
a 2am kebab shop stop in unity

The press say that London's the glitz and the glamour  
But it's full of rats, tramps and high flying bankers  
from Cardiff to Glasgow, Manchester to Blackpool  
it's all the same shit, just different accents fool

Welcome to Britain, Brixton to Bristol  
Home of Black Sabbath, home of the Sex Pistols  
the rich get richer, the poor get wasted

You know where i'm at blud, tell me where this place is?

Fuck the euro, we don't wanna know  
We know it sucks here, but it's our home  
Stepping on the streets we ain't ever gonna drop  
Repping MDMA and it's never gonna stop  
chorus (X 4):

We don't care what you say  
Rule Britannia, Britannia rules the waves  
Welcome to United K  
Keeping it real, MDMA
