Hey-la, ho-la
Hey-la, ho-la

I love you madly
But I don't know what to do
Each time I look at you
I'm always feeling blue
I want you madly
But I'm so in love with you

Hey-la, ho-la

Each time I look into those pretty, pretty eyes
I visualize something I didn't realize
I don't know, I don't care
'Cause I'm in love with you

Hey-la, ho-la
Hey-la, ho-la

I love you madly
But I don't know what to do
Each time I look at you
I'm always feeling blue
I want you madly
But I'm so in love with you

Each time I look into those pretty, pretty eyes
I visualize something I didn't realize
I don't know, I don't care
'Cause I'm in love with you
I don't know, I don't care
'Cause I'm in love with you
I don't know, I don't care
'Cause I'm in love with you
