Ooh yeah...
Whoa oh yeah...
Whoa oh yeah...
Whoa...
I didn't catch your name
Please tell me once again
Cause when I looked in your eyes
I couldn't concentrate
Girl, I've been standing here
Feels like a thousand years
And now we're face to face
Don't want to hesitate
Baby can't you see
You and me ought to be
Together day and night
Make it right
Till the morning light
I'm so into you
Girl it's true what you do
It's driving me insane
And I'll do anything, girl
CHORUS:
Just a little piece of heaven
Just to be alone with you
There's nothing I won't do
I think about you 24/7
And I give you all of me
For just a little piece of heaven
Whoa, oh yeah
Whoa, oh yeah
Whoa
I've seen you in my dreams
As crazy as it seems
Somehow I feel I've known you for all my life
Come on let's disappear
Get far away from here (let's get away from here)
So I can give you all the love I feel tonight
Don't you want to go
Let me know if it's so
Baby take my hand
Understand I should be your man
Everytime we touch

It's too much
Can't get enough
Girl let's make a move
Cause there's nothing that I wouldn't do
CHORUS
Won't you come here my dear
I don't want to waste a minute of our time
You've got to be mine
Oh yeah
Baby can't you see
You and me ought to be
Together day and night
Make it right
Till the morning light
I'm so into you
Girl it's true what you do
It's driving me insane
And I'll do anything, whoa yeah
CHORUS
