I feel so strange  
'Cause she's lookin' right through me  
A feeling I cannot explain  
She's put a spell on me  
There's no reality  
Only the sound of her name

I never knew that love would make me tremble  
I never thought my heart could ever take this much  
'Cause she said

[CHORUS]

Take a ride on my magic carpet  
Nothin' in this world can stop it  
Flyin' high as we rise above it  
All 'til morning  
Hold me tight as we oogie-boogie  
On my magic carpet ride  
Flying high as you hang on to me  
All through the night, oh yeah

She's in control of me  
I'm lost in fantasy  
Floating in black velvet skies  
She's supernatrual  
Freay dimensional  
Haunting the rooms of my mnind

From the first kiss I knew it was over  
From the first day I knew  
I was born to be her lover

[CHORUS]

I never knew that love would make me tremble  
I never thought my heart could ever take this much  
'Cause she said

[CHORUS]
