[B.G.]

Uh-huh

Ah, Ah, Woah, Woah

I'm a guerilla, I'm a dog, I'm a beast, I'm a snake  
the type that will walk up and put 10 hollows to your  
face

I'm a tiger, I'm a lion, I'm a bear, I'm a panther  
if you ballin' I'ma be the one that's gonna snatch ya  
I'm a fool, when I'm beefin I give niggaz the blues  
Don't think twice, first mind tell me do what I gotta do  
So I gather up my clique, load up the fucking iron  
gas up the creep mobile, jump in that bitch and ride  
When I catch ya I'ma do ya, I'ma smoke ya, I'ma kill ya  
I'ma spank ya, I'ma whack ya, Geezy gone deal witcha  
I don't play, I don't asshole B.G. don't lollygag  
I get these pussy niggaz ready for their body bag  
I'ma a clown but I ain't the type that play with ya child  
I'm the type that go chicka-blowe chicka blowe  
Ya heard me, watch out when that thang in my hand  
I'ma an untamed animal, straight a clean up man

Chorus 2X: [Juvenile]

I'ma animal in the jungle so you better beware  
it ain't nothing but guerillas, lion, tigers, and bears  
I'ma game red-nosed pit ready to scratch  
got you running like a bitch tryin to avoid the attack

[B.G.]

I ain't no rabbit, I ain't no rat

I'ma a soldier that will give you hell

I ain't cat, I ain't no turtle get in beef and hide in a shell

I ain't no mutt, I ain't no monkie, far from being a duck

believe me I can swim so come in that water, try your  
luck

You gonna drown, guarantee you go under you won't  
come up

I'm from Uptown and Uptown niggaz don't give a fuck

My hood is a jungle full of niggaz live that wild life  
picture a untamed guerilla with a K(AK) he nothing nice  
so you know you get in his way, you lose your life  
so reverse that, get in front of me, you lose your life  
I'm like a alligator crocodile, quietly I lay  
Then slip, get comfortable, I'll strike and kill a prey  
take the life out em', stand there and watch him stop  
breathing  
watch him fade into the other world, but one day I'll see  
him  
but for now FUCK em', see ya when I see ya nigga  
I know at this moment I wouldn't wanna be ya nigga

(Chorus)

I'm a lil' creeper, quick like a cheetah, so better (?????)  
when I tell you freeze, when I was down for my heater  
people say I'm dangerous, I need a leash and a collar  
cuz I'm like a ROCK (rocwilder) but much more wilder  
if You got it, and I want it, I'll duct tape ya  
gotta a lock like a pit bull, get a hold of you and shake  
ya  
ain't now way You gone stomp at me, I feel you trying  
to play me  
I'm like Mike when I bite, I give ya bitch ass Rabies  
From tree to tree, block to block I be hanging  
Nuts swanging, thuggin, fuck it I'm looking mangy  
I gives a fuck, I live wild life like jungle animals  
catch Us gettin how we live on Discovery Channel  
You gotta be a snake that creep and know how to  
survive  
pussy cats got nine lives, dogs like me got one life  
so we gotta manage it  
We feel threatened by anything we gotta handle it  
We living scandalous

(Chorus)

[animal and jungle sounds at the end]
