She moved in down the hall  
So I paid her a call  
She flashed a smile  
I stayed awhile

I've always lived alone  
Just quiet nights at home  
But Lord knows when  
They'll come again

Do do do  
Shimmering endlessly  
Oh, lady  
Illuminating me  
Illuminating me

You dance and you spin  
Queen of harlequins  
You make me smile  
All through the night  
Whirling and twirling  
You love to excite

I moved in down the hall  
No crying, no crying at all  
I don't intend to let it in

Now I know I've been well bred  
So I must've been misled  
Until I'm found  
I'm safe and sound

Do do do do  
Shimmering endlessly  
Oh, lady  
Illuminating me  
Illuminating me

You dance and you spin  
Queen of harlequins  
You make me smile

All through the night  
Over and over  
(Over and over)  
You love to excite

Whirling and twirling  
(Whirling and twirling)  
All through the night  
Over and over  
(And over and over)  
Yeah, baby  
You love to excite

Oh, oh, oh, baby  
Down the hall  
Do do do do...  
Down the hall  
Do do do do...  
Down the hall  
Do do do do...
