"Silver Star"

In my dream
I'm a western hero
Riding my Palomino
Silver Star, there you are
Silver Star

In my dream
I make much dinero
Chasing the bandelleros
Silver Star, there you are
Silver Star

He gave me a nine to five, honey
Ain't living but I'm alive
Sure cut me down to size
He gave me the second prize

I'm laying it on the line, honey
I'll let it go by this time
Next time around, I'll swear
Gonna get me somewhere
Somewhere

In my dream
I'm a desert hero
Bigger than Valentino
Silver Star, there you are
Silver Star

Leading ladies
In warm embraces
Ecstasy on their faces
Silver Star, there you are
Silver Star

Do do do...
