Every day, I kiss my baby  
Just because it drives him crazy  
And I will do most anything  
To make him feel just like a king  
Cause when the boy's happy  
The girl's happy too  
I say I love him when I hold him  
Heaven knows how much I've told him  
I always treat him tenderly  
Because he means the world to me  
Cause when the boy's happy  
The girl's happy too  
I know how to break him up  
I know how to make him care  
I know how to shake him up  
I just run my fingers through his hair  
I could never live without him  
That is why I worry about him  
He comes to me  
Cause he knows that I'll  
Do all the things that'll make him smile

Cause when the boy's happy

The girl's happy too

Yeah, when the boy's happy

The girl's happy too, oh yeah...
