### "Cuntry Boys & City Girls"

I said I don't get out too much I said  
She said you said I said two times instead  
I said oh please please please no, your just not funny  
ya know  
So stick around here for a week or three or four  
I passed out one time by your door  
It was twenty to four but I just can't be sure

Cinderella Cinderella she's my very kind of fella  
Part right half wrong oh you know it won't be too long  
And oh you know we country boys are only after sex  
and noise  
Take me shake me I'm a real mess oh yes  
I love the way you city girls dress even though your  
head's in a mess

Well it was some kind of house by some kind of road  
With some kind of peculiar dress code  
All the boys had no style not one girl did she smile  
I said your making me itch she said don't  
I said I'll try my best she said I know that you won't  
Now it's time to go home while I was chewing her bone

Baby doll baby doll climbing on the bedroom wall  
Got no real friends at all maybe she's a mother or two  
But I think she's into you  
Take me home take me home call my mother on the  
phone  
Ella was her name when I left but now she is Rose  
Got no fingers or toe's lost them everywhere that she  
goes , now

Lost them everywhere that she goes now  
Lost them everywhere that she goes now  
Lost them everywhere that she goes now  
Lost them everywhere that she goes now

Cinderella Cinderella she's my very kind of fella  
Part right half wrong oh you know it won't be too long  
And oh you know we country boys are only after sex

and noise  
Take me shake me I'm a real mess oh yes  
I love the way you city girls dress even though your  
head's in a mess

Baby doll baby doll climbing on the bedroom wall  
Got no real friends at all maybe she's a mother or two  
But I think she's into you  
Take me home take me home call my mother on the  
phone  
Ella was her name when I left but now she is Rose  
Got no fingers or toe's lost them everywhere that she  
goes, now
