Whistle for the boys now don't be shy  
Give us all a song and a reason why  
Baby got the bones and a hand me down  
Says her heart is black but her eyes are brown  
Give the boys a flash and they'll love you so  
Give the girl some cash cause your mother said so  
And take em out to look at the queen  
And any old girl who's in between

Lay yourself down by the side of the bed  
Oh you naughty girl you know you tickle me red  
You look so dumb and you sound so twee  
And you can only wish that you was married to me

Well, that's what you get  
Oh don't get upset  
Ridiculous you  
Waiting in the queue oh whoopee doo  
You could have been  
The best that I've seen  
Under the red light  
Everybody knows you cried last night

Give us all a go till your face turns red  
Little Greg said you went home instead  
If you stick around you'll get an alibi  
And we'll try and keep your pretty face bone dry  
Rent a honey rent a honey one two three  
Chasing all the boys from your door can't be easy  
Well ruby said you was wrecked  
But your was never well behaved the last time I  
checked

Lay yourself down by the side of the bed  
Oh you naughty girl you know you tickle me red  
You look so dumb and you sound so twee  
And you can only wish that you was married to me

Well that's what you get  
Oh don't get upset  
Ridiculous you  
Waiting in the queue oh whoopee doo

You could have been  
The best that I've seen  
Under the red light every body knows you cried last  
night

Lay yourself down by the side of the bed  
Oh you naughty girl you know you tickle me red  
You look so dumb and you sound so twee  
You can only wish that you were married to me

Well that's what you get  
Oh don't get upset  
Ridiculous you  
Waiting in the queue oh whoopee doo  
You could have been  
The best that I've seen  
Under the red light  
Everybody knows you cried last night  
Everybody knows you cried last night
