The day's last one-way ticket train pulls in
We smile for the casual closure capturing
There goes the downpour
There goes my fare thee well

There's really no way to reach me
There's really no way to reach me
There's really no way to reach me
'Cause I'm already gone

There's so many words that we can say
Spoken upon long-distance melody
This is my hello
This is my goodness

There's really no way to reach me
There's really no way to reach me
There's really no way to reach me
'Cause I'm already gone

Maybe in five or ten yours and mine will meet again
Straighten this whole thing out
Maybe then honesty need not be feared as a friend or
an enemy
But this is the distance
And this is my gameface

There's really no way to reach me
There's really no way to reach me
Is there really no way to reach me?
Am I already gone?
So this is your maverick
And this is Vienna
