Twenty years ago I found a window
Got away from here, far as I could go
Goodbye, hello to all the madness
7 billion ways to bury sadness

Going back and forth
But you're pulling me in
I'm going back and forth
Show me where to begin

Here we are, here we are
Will you lay your body down?
Here we are, here we are
Two lovers in the dark
Here we are, here we are
Will you lay your body, lay your body down?

Who's it gonna be, cause I'm divided
Who you gonna see, haven't decided
Goodbye, hello to all the pressure
7 billion hands upon my shoulders goin'

Here we are, here we are
Will you lay your body down?
Here we are, here we are
Two lovers in the dark
Here we are, here we are
Will you lay your body, lay your body down?

I'm going back and forth
But you're pulling me in
I'm going back and forth
Show me where to begin

Here we are, here we are
Will you lay your body down?
Here we are, here we are
Two lovers in the dark

Goodbye, hello to all the madness
7 billion hands upon my shoulders goin'

Here we are, here we are
Will you lay your body, lay your body down?
