I said I told you everything I left something out  
Underneath the stairwell.  
That I'm under lock and key, but you can probably tell  
A powder keg in a prison cell.

I wanna return but all you will do is turn to leave  
If I can find my way home, will you take hold of me?  
I've been gone so long  
I can barely say  
All I know is now I want to stay  
Has it been too long since I went away?  
Cause I'm trying to find the words but I can barely say

Well I used to be the sun  
Waiting silently but they barely noticed me  
But I've been talking in my sleep when anybody sees  
they turn and run from me

I want to return but all you will do is turn to leave  
If I can find my way home will you take hold of me?  
Cause I've been gone so long  
I can barely say  
All I know is now I want to stay  
Has it been too long since I went away?  
Cause I'm trying to find the words but I can barely say

I wanted to run  
I wanted to love and be loved in return  
But will I ever get back, do I know too much to return.

I've been gone so long, I can barely say  
All I know is now I wanna stay  
Has it been too long since I went away?  
Cause I'm trying to find the words but I can barely say.
