Figure since I'm so far gone, oceans away, I can lay my
sabre down today.

I miss the words I love the words, you did not say.

I miss the kiss you never

Gave away.

There goes the sun, oceans away

And days die young when you're gone and you're gone

There goes the sun, oceans away

And leaves the day for someone else

Honestly I thought that we could make it all the way,

Barefoot on beaches dancing against the gray.

But stone by stone the castle crumbled to the ground,

I stood and stared as you started to fall into the waves.

There goes the sun, oceans away

And days die young when you're gone and you're gone

There goes the sun, oceans away

And leaves the day for someone else

Here's to the man of your dreams.

I take it all in a box and make my way down to the
shore,

Throw it in and begin to leave it to the waves
