You walk into the room and I
I, I-I, I, I, I-I, I.
I wanna tell ya, tell ya, but I just can't speak.
This shouldn't be so difficult.
Why-y. why-y-y-y-y,
Tell me why I see you and I just can't breathe.

You're like a bullet, girl, to my heart,
You're like a very far shooting star,
The very thing that I need,
Look at how you get to me

I can never be myself,
How can I when I'm stuck in hell?
Stutterin, stutterin, stutthereh-ing
Stutterin, stutterin, stutthereh-ing
Wanna tell you how I feel inside
But every time I go and try
Mutterin, mutterin, mutthereh-ing
Stutterin, stutterin, stutthereh-ing

Don't leave,
I know I effed it up,
That's my luck,
That's just my luh uh uck.
Here I go, Here I go and do it again

You're tut-,
And I'm just so tongue tuh-ied.
Why-y-y, why can't I get it right?
The words just wont come out,
They wanna take down
But I'm still around

You're like a bullet, girl, to my heart
Your like a very far shooting star,
The very thing that I need
Look at how you get to me...

I can never be myself,
How can I when I'm stuck in hell?

Stutterin, stutterin, stuttere-ing
Stutterin, stutterin, stuttere-ing
Wanna tell you how I feel inside
But every time I go and try
Mutterin, mutterin, muttere-ing
Stutterin, stutterin, stuttere-ing

You're like a bullet, girl, to my heart
Your like a very far shooting star,
The very thing that I need
Look at how you get to me... [x2]

I can never be myself,
How can I when I'm stuck in hell?
Stutterin, stutterin, stuttere-ing
Stutterin, stutterin, stuttere-ing
Wanna tell you how I feel inside
But every time I go and try
Mutterin, mutterin, muttere-ing
Stutterin, stutterin, stuttere-ing

Muttere-ing.
Stuttere, stuttered, Stuttere-ing
