At night I find that I can't sleep

All day long I walk the streets

My heart is filled with misery and pain

Tears fill my eyes when I speak your name

CHORUS

The harder I try

The bluer I get

Lord knows that I

I haven't gotten over losing you

I can't get over losing you

I can't get over losing you

I'm so lonely I've lost my pride

I've got tears that I can't hide

Every day I'm so sad and blue

Without your love, what would I do

(Chorus)

Last night I held someone new

But when I kissed her lips I was seeing you

A kiss like this has no meaning you see

And life without you has no future for me

(Chorus)

I can't get over losing you...
