The outside world is no concern of yours
Your lack of feelings shows
You're stuck on a ladder there's little for you
You fight for position what does it really prove

All your neighbours are competitors
Where'd you all go wrong
There never was a mountain to climb
Potential friends are now your enemies
Where'd you all go wrong
There never was a mountain to climb

Now old age surrounds you
Rip it's chains away
Before age surrounds you
Rip it's chains away
As old age surrounds you
Rip it's chains away
As old age surrounds you
Rip it's chains away

Now misguided memories haunt your days
You're bored in retirement cuz your energies drained
away
Your money had no answer yet you still want more
Your life was never different than the guy next door
