So a day I will decide
To change the colour of my life
A distorted photograph
Indecipherable
And I remember when we talked about the rivers
And the color of your eyes,
When the days were long and sad
You say that I can't wait
For nothing
Alone, alone
Wait
For nothing
Alone, alone
Wait
For nothing
Alone, alone
Too far
Too far from here
Where the time it's just a memory
Too far
Too far from here
Where the cold dust lacerate the streets!
Too far
Too far from here
In a desolate illusory... Mobility
Now the choice it's made for me
In a strange reality
I'm falling
And I remember when the clock
Was always late
And the clouds where on my way
Just another day so long
You said that I can't wait
For nothing
Alone, alone
Wait
For nothing
Alone, alone
Wait
For nothing
Alone, alone
Too far

Too far from here
Where the singing voices are so arcane
Too far
Too far from here
The ancestrals, remember, are alive
Too far
Too far from here
Living in a Parallel Image
Too far
Too far form here
Desperate reflection of a dream
