Feeling helpless once again but you would never notice it.

It'd been too long for you to care.

I love you but it's time to say goodbye, it's time to start again.

I'm sure our paths will cross in time.

So i'll see you then.

It can't be you and me together now.

I can't find it in myself to care anymore.

I'm sure we'll meet again.

Something tells me it's not the last time that we'll fall so deep in love.

I never meant to make you cry, but i can't make you understand.

It's how it has to be right now.

My dear it's got to end.

I haven't lost faith now, in what we had.

I just need time, and space, and a voice to sing again.

I'm sure we'll meet again.

I'm sure i'll sing again.

It's not the last time.

I can't explain myself, so it's time to let this go.

If you ever really cared, then it's time to let this go.

It can't be you and me together now.

I can't find it in my self to care anymore.
