It wasn't me who said he'd suffer  
So you could suffer too  
It's too late  
I, I refuse to believe  
It took so long for me to convince you  
You're the most beautiful thing in a world turned ugly,  
I've seen it before

It's about time I make you choke on all your words  
You won't stop 'til I say  
Time to burn the next one off the line  
We're takin' this as far as it goes

It doesn't matter where you run, there's no one here  
It's over, stop saving yourself and look away  
I never meant anything  
With every intention you show,  
You're darker than my soul  
I can't stop what you've started  
'Til I stop breathing

It's about time I make you choke on all your words  
You won't stop 'til I say  
Time to burn the next one off the line  
We're takin' this too far

(You've seen my side, goodbye)  
Tear down the walls, their eyes have seen too much

When you weren't there beside  
I would watch the walls for hours  
Thinkin' of ways to carry on

I killed for your love  
My guilt and ignorance  
Would cause your descent  
You're walkin' away with his ghost  
Replace me

I'm just a shadow in your eye  
In complete desperation my morals escape me  
I'm empty

I'm heartless  
I'm selfish  
If I can't find redemption  
I'll burn in hell for you

You can't stop what I've started  
'Til I stop breathing  
You can't stop what I've started

You can't stop what I've started  
'Til I stop breathing  
(4x)
