Did you ever feel like you wanna be
Someone else for just one day?
Did you ever feel like you wanna see
Through another pair of lies?

Did you ever think I'm a wannabe with
Anyone else just one day?
Did you ever you really think of me
When I walked away?

You look, you don't sound apologetic
You smoke your subjects at my eyes, like you think
You know where you think you'll find
You think you'll figure me out tonight

But you'll never know what I won't share
'Cause I don't care and I don't care
You think you'll figure me out tonight
But I don't care

And I wonder, if I'm just built this way
'Cause every man that I know
Makes me feel like I'm too plain
When it's over and my selfish ways
Go back to start again, go back to start again

Did you ever feel like you should have said
Something smarter at that time?
Did you ever feel like you should have kept
In all to yourself?

Did you ever think it might be your fault
And never promise anymore?
Did you ever think it might not be me
Now it was always me?

You look, you don't sound apologetic
You smoke your subjects at my eyes, like you think
You know where you think you'll find
You think you'll figure me out tonight

But you'll never know what I won't share

'Cause I don't care and I don't care
You think you'll figure me out tonight
But I don't care

And I wonder, if I'm just built this way
'Cause every man that I know
Makes me feel like I'm too plain
When it's over and my selfish ways
Go back to start again, go back to start again

And I wonder, if I'm just built this way
'Cause every man that I know
Makes me feel like I'm too plain
When it's over and my selfish ways
Go back to start again, go back to start again

You look, you don't sound apologetic
You smoke your subjects at my eyes, like you think
You know where you think you'll find
You think you'll figure me out tonight

But you'll never know what I won't share
'Cause I don't care and I don't care
You think you'll figure me out tonight
But I don't care

And I wonder, if I'm just built this way
'Cause every man that I know
Makes me feel like I'm too plain
When it's over and my selfish ways
Go back to start again

And I wonder, if I'm just built this way
'Cause every man that I know
Makes me feel like I'm too plain
When it's over and my selfish ways
Go back to start again, go back to start again

Go back to start again
