Welcome to your new job, hope you have a wonderful first day

We are so happy to have you join the team, you are so lucky on your first day

And they say

This is the job that people die for, I hope you're ready for the next stage

A lot of people work in the same place, don't let them get in your way

Dinner time you go to the cantine, you make a new friend at the dinner break

You like to talk when you're eating, but today you listen to him

And he says like it or not, you have to do what they say
And it is something that you would like to talk about,
but it's only your first day

And they say

This is the job that people die for, I hope you're ready for the next stage

A lot of people work in the same place, don't let them get in your way

And they say faster faster

It's time to take you to the next stage, but it's only your first day

And you're not ready for the next stage

And they say faster faster

It's time to take you to the next stage, and it is something that you would like to talk about

But it's only your first day

(First day), you are so lucky on your first day (first day)

You feel so happy on your first day (first day), you are

so lucky on your first day (first day)

This is the job that people die for, I hope you're ready for the next stage

A lot of people work in the same place, don't let them get in your way

Welcome to your new job (first day), hope you have a
wonderful first day (first day)
We are so happy to have you join the team (first day),
you are so lucky on your first day (first day)

Lucky lucky lucky on your first day (people die for
people die for) [x4]
