Don't stop to thank me
I used to help you
Conform to easy
Still makes me happy
Heart hollow to smooth
Goes down to easy
Be there to greet you
I won't be happy
what is this thing inside me?
why does it never stop me?
I don't know what your doing
but keep talking
pull me drag me under
these dreams keep me from sleeping
he'll always live inside me
don't drag me under w/him
You always left me thinking
and I told you to stay
don't always do what they tell you
You need to break out from me
go on go on
go have a dream of your own now
