Ooh, hoo, hoo  
You come and you go, even though  
You know it's me who really loves you  
I'm so weak, you made my heart repeat  
I can't say no because I love you

Like an open door  
You walk into my life  
You stay awhile  
And close the door behind you (Oh, ho, ho)

Like an open door  
You walk into my life  
You stay awhile  
And close the door behind you

Yes, I'm just your personal toy  
Someone you think I can throw away  
But baby, here I am and here I'll stay  
Yes, yes, yes

You take my heart, tear it all apart  
And come back home to find me  
Waiting for you, still sad and blue  
How can I break away from a love that binds me

Like an open door  
You walk into my life  
You stay awhile  
And close the door behind you (Oh, ho, ho)

Like an open door  
You walk into my life  
You stay awhile  
And close the door behind you

You stay awhile  
And close the door behind you (I cannot break away)  
You stay awhile  
And close the door behind you

You stay awhile

And close the door
