I crashed in the jungle
I was tryin' to keep my date
With my little girl
Who was way back in the states
I was stranded in the jungle
Afraid and all alone
Tryin' to figure out a way
To get a message back home
But how was I to know
That the wreckage of my plane
Had been caused by someone
Who was with my girl in lovers lane
(Meanwhile, back in the states
Baby baby let's make romance
Your old time lover hasn't got a chance
He's stranded in the jungle
Sad as he can be
So come on pretty baby just you and me
(Meanwhile back in the jungle)
The cats in the jungle
They had me on the run
When something heavy hit me
Like an atom bomb
When I woke up
My head started to clear
I had a strange feeling
There was something cooking here
I smelled something cookin'
And when I looked to see
That's when I found out
They were cookin' me
(Meanwhile back in the states)
Baby baby let's make romance
Your your old time lover
Hasn't got a chance
He's stranded in the jungle
Sad as he can be
So come on pretty baby just you and me
(Meanwhile back in the jungle)
Now I jumped outta that pot
And I finally got away
Frantic and worried wonderin'

What my baby would say
I jumped in the ocean
And started to swim
But my chance of survival
Was gettin' mighty slim
So I thumbed down a whale
Who was headin' my way
And I reached the states
In almost half a day
When I got to lover's lane
I was almost dead
But when I saw them
Well here's what I said
Now baby baby that man is no good
Oh baby baby you should have understood
You can trust me pal
As long as I'm free
So won't you come back pretty baby
Where-a you used to be
Cause I love you cause I love you
