I said it's not the distance between you and me
It's the way we care day by day
It's the way you make me feel at the first place
Just to say that I would do the same for you
Angels lead us the way
I've been dreaming of this so long
You mean more to me than anyone could do
You're to die for you're one of a kind

I searched for the true love in the wrong place
And you we're just on front of me
You showed me your best side in a world of despair
While others easier loves die
Just to say that I would do the same for you
Angels lead us the way
I've been dreaming of this so long
You mean more to me than anyone could do
You're to die for you're one of a kind

Angels lead us the way
You brought me to a place
That I have only seen in my dreams
God lead us the way
You'll bring us to a place
That we have only seen in our dreams

Drowning in the sea between you and me
What's right has never been so clear

Angels lead us the way
You brought me to a place
That I have only seen in my dreams
God lead us the way
You'll bring us to a place
That we have only seen in our dreams
