It's genocide, can't you see?  
A genocide in the first degree  
You know it's a mad, a mad mad world  
Don't give damn if you don't believe me!  
I've seen the light, and I like what I've seen  
These creaturs don't worry you  
Let's go there, just you and me  
Across The Universe, higher and higher  
I'm feeling good, now know what I mean?  
Don't you try to touch me!  
Hey! People! Are you coming back, huh?!  
Back? They've got to come in before  
It's blown away, the raid; their in the air  
It's crazy, it's out of hand  
God O.D. is run through my head  
There's nothing on Earth could move me  
Hundred miles an hour, seven days a week  
Don't you want to feel it breaking your back  
'Cause the Word of The Lord makes me break out  
screaming:  
"Storm the studio!"

It's genocide, can't you see?  
A genocide in the second degree  
No dignity, I'm walking on your face!  
You're not moving!?  
Take to take, no time to waist  
Tearing it all, giving it all, giving it all away  
You're feeling good  
Picking it up, you're feeling good  
Put it to the back of your mind, for the time's not right  
I'm gonna make you scream!  
Coming from the back of your mind  
You can't forget all the times  
That yo've been punched to get the grade in  
Blown away by the force of the word  
Woken up by the sound of siren  
Yeah!  
Yeah!  
I said: "Yeah!" (I feel it coming on!)

It's genocide, can't you see?

A genocide means nothing to me!  
Put it to the back of your mind for the time is right  
it's time to scream!  
Boy!  
From time to time you're gonna get this feeling  
Can't stand the pace  
You've gotta give it a freak base  
Time and again you'll be reeling!

[repeat with whispering voices]
