Step one: measure for measure, get smart, come on
get people talking loud and
clear

Step two: create some atmosphere and blow away the
one way ride before we
collide

Chorus 1:

Can't you see how easy it could be to send Joe Public
into a panic and at the
drop of a hat

In seconds flat, you'll be asking yourself what hit me
If you want to keep up you'll have to stay down, the
either, the or, the past,
the now

The voice inside you becomes the voice of now
Motivate, take the chance, backward in coming forward
Draw the heat, in case you're ignored, don't take a
backseat defeat

Activate, strike it home, head over heels

With the intention of expanding the dimension of
control, oh!

Chorus 2:

Can't you see how easy it could be to send Joe Public
into a panic and at the
drop of a hat

In seconds flat, you'll be asking yourself what hit me
If you want to keep up you'll have to stay down, the
either, the or, the past,
the now

The voice inside you becomes the voice of now

Chorus 1:

Can't you see how easy it could be to send Joe Public
into a panic and at the
drop of a hat

In seconds flat, you'll be asking yourself what hit me
If you want to keep up you'll have to stay down, the
either, the or, the past,
the now

The voice inside you becomes the voice of now

Original control

The voice of now.
