Gather around me buddies,  
Raise your glasses high  
And drink to a fool, a crazy fool  
Who told his baby goodbye

Too late he found he loved her  
So much he wants to die  
So drink to a fool, a crazy fool  
Who told his baby goodbye

He needs her, he needs her so  
He wonders... why he let her go  
She's found, she's found, she's found  
A new lover buddy, he's a lucky guy, oh  
So drink to a fool, a crazy fool  
Who told his baby goodbye

He needs her, he needs her so  
And he wonders... why he let her go  
She's found, she's found, she's found  
A new lover buddy, he's a lucky guy, oh  
So drink to a fool, a crazy fool  
Who told his baby goodbye

Who told his baby goodbye, goodbye, goodbye,  
goodbye
