I know she gone but she ain't far away
I just had a daughter pass me that cigar yey
I'm bout to tell a story, everybody parle
Sit back listen while I kick it the compton boulevard way
My daddy used to beat up on my mama all day
So I took my chronic out,... him the hard way
I learned this the hard way, when police came all way
My daddy had his acting like it never happened,
broadway
Plus I was kinda scared to keep it real with you
Now my mama good nigger she ain't gotta deal.
