My competition stiffer than Ronald Regan... let it go...

For you be a mother-f**kin vegetable...
You scrap niggas too animated like the Incredibles...
Let this beef go around like the 26th...
It's young Game of Flame... welcome to the House of
Pain...

Nigga what about the game?...
Keep on playin boy... I'll hop of this f**kin Range...
Look... I aint even ask for his f**kin chain...
But he took it off like Vanessa-Del-Rio...
Now I'm on my way to "Reo"...
After I see I my PO...
She cool... she a Leo...
She aint trippen off the WEED smoke...

So ima blow it like the Patriots
And throw my dove up... Cuz Dr.Dre made me Rich...

Size 12 bo-jacksons cuz I walk dat shyt...

As I spark my splif...

I see the corner... puttin chalk around the snitch...
We be shootin like free throws... flying them desert
Eagles...
Sell dope to the pope... while we eatin' chilli freetos...

From a gangbanger... to a CEO...

Everything I do is big like the nigga Ceaser-leo...
Wont stop till I'm dead...
Aint gotta watch for the feds...
They aint watchin me so here's a dome shot to the
head...

As I take a patrone shot to the head...

And reminisce about the shit the DOC said...
"Get money... Get cars... get mine... get yours...
And keep your head up... like the Lambo doors" ...

Chorus

Verse 3 [Game]:

Don't make me take you back to '96...

Leanin on that dostin... on the corner... eatin catfish...
The Game... Da-Da-Da-Game... spit dat shit...
I'm controversial... like the Afro-pic with the Black fist...
Jus ask the rapper that had to catch my last diss...
I'm reckless... and I aint never crash wips...
My pops wasn't around... so this bastard...
Bleed california from the cradle to the Casket...
And I wont stop ridin for my coast...
